DETAILED ACTION

The response filed on 2-23-2006 is acknowledged. In light of Applicant's traversal the restriction requirement mailed on 11-21-2005 is withdrawn. Claims 1-6 are pending and currently under examination.

The following is an examiner's statement of reasons for allowance: since the phrase "wherein said peptide is selected from the group consisting of SEQ ID NO:" constitutes closed claim language, it is analogous to "consisting of" a given sequence. Moreover, the art of record does not disclose or suggest methods of utilizing a peptide **consisting of** the amino acid sequence set forth in SEQ ID NO:12, 14-16, 21-53, 62-85, 88-102 or 105 to generate antibodies that bind to a fibronectin binding domain of a fibronectin binding protein. As the peptides are free of the art, the claimed methods are likewise free of the art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Claims 1-6 are allowed.
